October 31, 2016

To the County Council and the Citizens of Jefferson County:

It is a privilege to present the Fiscal Year 2017 proposed budget for Jefferson County, Missouri. The annual budget for Jefferson County serves as the foundation for financial planning and provides legal spending authority for the County's elected officials and appointed department heads. The preparation of the 2017 Jefferson County Budget continues the trend of challenging budgets that we have experienced over the past several years. All of the funds contained within the 2017 budget are balanced.

The 2017 budget, will not adversely affect the programs currently offered by Jefferson County. All programs funded by the approved budget in 2016 will continue to be funded by Jefferson County in fiscal year 2017. Expenses of both goods and services required to maintain programs to serve our citizens will continue to grow faster than the revenues to support those programs.

As in prior years, Jefferson County will continue to review its financial operations through on-going internal and independent fiscal review. The Auditor of Jefferson County has developed policies and procedures that, according to external audits, ensure expenditures are compliant with standard accounting practices. These policies and procedures will continue to form the basis of our internal auditing program. Accordingly, there are no plans to change current financial policies. Resolution R13-0508 passed and adopted by the County Council on May 28, 2013 established a fund balance policy for Jefferson County. The policy states in part that it is the recommendation of the County to maintain an appropriate unassigned fund balance in the general fund equal to seventeen percent (17%). It is the opinion of the County Executive that the key to financial stability is to closely monitor revenues and expenditures, while maintaining adequate levels of reserves to ensure financial responsibility and to be in a position to make adjustments in response to economic conditions.

On November 6, 1979 the voters of Jefferson County approved the imposition of a countywide sales tax for the operation of Jefferson County government. The change from a second class county to a first class county reduced the ad valorum tax rate to a level substantially lower than required to fund the operations of Jefferson County. To respond to this financial crisis, the then County Commission placed an issue before the voters of the County to partially fund the operation of County Government through a tax on economic activity. A tax on retail purchases was the primary vehicle chosen because such a tax would spread the cost of government across multiple sources, including individuals traveling through Jefferson County. The ballot language provided that the sales tax would be imposed and the County property tax would be reduced annually by fifty percent (50%) of the total amount of sales tax revenue collected. From 1980, the first year the tax was collected, until 1983, both a property tax and a sales tax were collected. However, from 1984 to 2008, sales tax receipts were sufficient to roll back the property tax levy to zero. In 2009, as a result of several factors, including the national recession, sales tax receipts were insufficient to fully roll back the property tax levy. And, as authorized by the 1979 ballot, the County property tax was levied.

In 2014, the General Revenue property tax levy was \$0.0238 or slightly less than three (3) cents per one hundred (100) dollars of assessed valuation. This generated an estimated \$708,111 for General Revenue funds. In 2015, the County Council approved a roll back of the General Revenue property tax to \$0.009 per one hundred (100) dollars of assessed valuation, generating an estimated \$27,400 for General Revenue funds. For 2016, the County Council approved a roll back to \$0.00. There will be no General Revenue Property tax levy assessed for 2016. The imposition of the property tax after twenty-five years clearly demonstrated the importance of increased retail spending by Jefferson County residents in Jefferson County. The ad valorum tax is an important source of revenue for the County and is particularly essential as a source of cash flow for County departments and divisions during periods of low retail sales.

Some key points regarding the 2017 Jefferson County Budget are as follows:

#### ***General Revenue***

General Revenue projections reflect an increase from the previous year, although this is somewhat deceiving. The projected revenue for 2017 is \$27,557,321. As previously enumerated, significant portions of Jefferson County's revenues are dependent on fees and sales tax generated from a strong economy. Although it is expected these areas will ultimately rebound to their pre-2006 level, we must remain cautious in our projections and budget, based on actual receipts and not on expectations.

#### ***Transfers from General Revenue***

The total amount that will be directly allocated from General Revenue to Law Enforcement in 2017 is \$1,994,945. In addition, in accordance with state statute, \$122,228 was transferred to the Department of the Assessor. Funds in the amount of \$1,068,161 were transferred to the Capital Improvement Fund for debt service payment.

#### ***Salaries and Benefits***

The amount budgeted for salaries and benefits for 2017 is \$ 12,088,568. The 2016 budget contained a 2% pay increase for all non-elected County employees. There are no raises proposed in the 2017 budget. There are no new positions contained in the 2017 budget.

#### ***Capital Expansions***

There are two (2) major capital projects proposed for 2017. Continued replacement and repairs of County facility parking lots in the amount of \$138,000 have been proposed. Funds to complete interior major repairs to the County Jail facility in the amount of \$350,000 have been proposed.

#### ***Road and Bridge***

The Road and Bridge fund budget for 2017 is anticipated to be \$14,802,490. Road and bridge funds are received from a variety of sources. The County will also have available reimbursement grants for federal aid projects totaling approximately \$2,360,498. These grant funds are included in the overall 2017 Road and Bridge fund budget. The County will have available \$8,801,663 in Capital Improvements Road Tax funds for projects.

In 2017, there will be three (3) asphalt overlay projects; two (2) roadway reconstruction projects; three (3) roadway reconstruction projects; two (2) traffic signal projects; along with seven (7) bridge replacement projects to be either bid out or completed. In addition, there will be three (3) intersection reconstruction projects; three (3) roadway reconstruction projects; two (2) traffic signal projects; along with four (4) bridge replacement projects that will either begin or continue engineering design in 2017.

#### ***Lease Payments***

The 2017 budget includes \$220,000 for the County to enter into a new three (3) year lease-purchase agreement to purchase and equip sixteen (16) law enforcement interceptor units and four (4) vehicles for various County departments. Several vehicles in the County fleet have in excess of 200,000 miles on them. The County is committed to keeping the fleet, particularly the law enforcement vehicles, on a regular replacement schedule.

#### ***County Debt Position***

The County currently has no long-term debt. The *Standard & Poor's Rating Services* has given Jefferson County an *Insurer Credit Rating (ICR)*, Long Term Credit Rating, of AA/Stable. The ICR reflects the County's general creditworthiness. The County is contingently liable for several items, including the *Buena Vista Neighborhood*

*Improvement District, the Berthold Estates, Clarendon Heights, Fenton Forest, Primrose Lane and San Marina (BCFPO) Neighborhood Improvement District, and the Mark Drive Neighborhood District.* The County also has several additional issuances that are subject to annual appropriations. These generally involve the issuance of Certificates of Participation or Leasehold Revenue Bonds that are payable only upon the appropriation of funds in the annual budget. For 2017, in accordance with the requirements of the Home Rule Charter, all current appropriations have been included to meet the issuance requirements.

#### *Conclusion*

Although the proposed budget for the fiscal year beginning January 1, 2017 presents a series of continuing and new challenges for Jefferson County Government, the County has a stable financial footing due to responsible and conservative fiscal management. The budget provides the funding that is required to deliver essential services to the citizens of Jefferson County. I am very optimistic that our brightest days are ahead.

I respectfully submit the proposed balanced 2017 budget to the County Council and the Citizens of Jefferson County this 31<sup>st</sup> day of October 2016.
