

# Tell Us Your Vision for Jefferson County!

## About the Plan

The **Visualize Jefferson County Master Plan** will serve as a blueprint for our future. It will provide a foundation for decision-making and help guide the County as it works to implement the community's vision.

The Master Plan will outline the existing conditions of Jefferson County, describe goals and objectives for future development, and include an action plan on how to achieve these goals and objectives.

## Get Involved!

### Community Visioning Workshop

This workshop will introduce the planning process and gain insight into concerns that should be addressed by the Comprehensive Plan. This is your opportunity to tell us what you think, before plans and recommendations are crafted.

The Community Visioning Workshop is a key component in developing the Plan and everyone is encouraged to attend.

We hope to see you there!
