### **16. Project Details:**

The use of full depth reclamation (cement stabilized base) to rebuild Airport Road and Calvary Church Road. Each road will also be widened to a total width of 26 feet (11 ft lanes 2 ft shoulders). All of the improvements will be capped with an asphalt overlay. There will be some earthwork to tie back into existing grade, as well as installation of guardrail. Please see the website for additional information (see below). When construction begins anticipate daily lane closures.
