**EXODUS**  
MACHINES

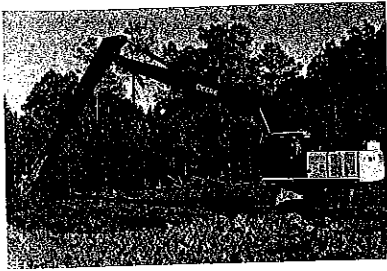

**Customer liable for "ALL" blade rotation, blade and tooth replacement, welding and re-hardfacing in regards to hourly and daily maintenance that is specified in operator's manual.**

Inspect blades every eight hours of operation. Retorque loose bolts and replace broken bolts. Rotate blades when cutting edges are worn to a 1/8" (3mm) radius.

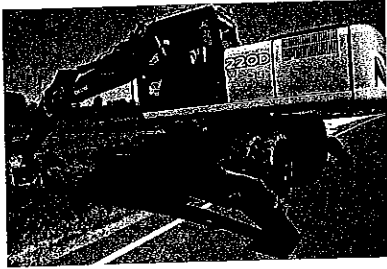

Recommended rotation intervals are approximately 40-80 hours, depending on the material being processed. Thin materials may require shorter rotation intervals. Blades must be replaced when all four edges are worn to 1/8" (3mm) radius.

## US Communities/Hertz Equipment Contract Incentives

Hertz/US Communities contract we will offer you the following incentives on top of the competitively solicited US Communities/Hertz pricing.

- 30-day billing. The industry standard is 28-day billing. By offering 30-day billing, Hertz is giving you an additional 2 days rental per month and no additional cost, which also calculates to 12 rental billing cycles per year versus 13. Please review other respondent's bids to assure they are giving you 30-day billing.
- 1/30<sup>th</sup> Proration. Hertz prorates 1/30 after the first month rental. Rather than charging you the standard daily or weekly price after the unit goes after the first month, Hertz prorates off the month at 1/30 which creates a tremendous saving. Attached below is an example.
- Customer to be exempt from the Environmental Recovery Fee (ERF).
- Customer to be exempt from the Delivery Fuel Charge.
- Hertz has the ability to work with an account's local contract terms and conditions per the requested bid or piggyback off of the US Communities/Hertz Equipment Contract. This gives both parties the flexibility to come to negotiate mutual terms and conditions.
- No cost or obligation for the using agency to draw off the US Communities/Hertz contract. US Communities is not for profit organization that competitively solicits contracts thru government agencies. This contract was competitively solicited thru NC State University. Hertz pays all the fees to US Communities. All the agency needs to do is register if they have already not done so. To date US Communities has 38,000 registered agencies and organizations.

- Delivery, pickup, installation and teardown of equipment is available upon request. Call for rates.
- Rental items that are commonly available on short notice have been listed in this proposal. All equipment is subject to availability at time of order. Other items not listed in this proposal are also available for your project needs.

**JOB SPECIFIC TERMS**

Vandevanter Engineering provides other options for rental equipment and service including multisize pipe plugs, inflation lines, air test kits, Flygt mixers, diesel driven generators, automatic start/stop pump controls and many other pumps including larger and specialty pumps.

All pricing is confidential information. This information is prepared solely for the County of Jefferson and may only be shared by obtaining consent from Vandevanter Engineering.

The rental pricing in this proposal is based upon a 40 hour per week runtime on diesel pumps and generators. Overtime rates (40-80 hours per week) and unlimited runtime rates (80 or more hours) will apply to any diesel pump or generator that is used in excess of 40 hours per week.

**TERMS:** NET 30 days with approved credit. An interest charge of 1-1/2% will be added to balances over 30 days. Retainage of any invoiced amount is unacceptable unless specifically agreed to by Vandevanter Engineering at the time of order, and shall in no case exceed a period of 120 days.

Any sales/use tax will be in addition to the above price, and will be added to the billing unless the purchaser provides an exemption certificate acceptable to the taxing authorities. **Prices quoted shall remain firm for 2012, after which they are subject to change without notice.**

If, after reviewing the above proposal, you have any further questions or comments regarding this proposal, please feel free to contact me at (636) 343-8880, or by cell at (314) 698-7402. If the proposal meets with your approval, please sign, date, and mail or fax a copy back to our office, and we will order your equipment.
