

**ADDENDUM NO. 1
TO
2014 ASPHALT OVERLAY PROGRAM
PW14020**

COUNTY OF JEFFERSON, MISSOURI

August 19, 2014

This addendum forms a part of the bidding and contract documents and modifies the original bidding documents. Acknowledge receipt of this addendum by signing the "Notice to Contractors". See Addendum Acknowledgement Item (13) on Sheet 18. . **FAILURE TO DO SO MAY SUBJECT BIDDER TO DISQUALIFICATION. Bids will only be accepted on the modified Bid Form.**

PW14020 Bid Form (Sheets 21-39):

Remove Sheets 21-39 of the Project Specifications and replace with sheets ADD 1-2 thru ADD 1-19. Changes were made to the Bid Form to reflect the changes to the working days as stated above, language concerning roads not bid on (Bidder shall initial, give company name, and write "No Bid" on roads they do not wish to submit pricing for), and to remove Spring Forest Road From the bid package.

PW14020 Agreement Form(Sheet 57):

Remove Sheet 57 of the Project Specifications. Spring Forest Road has been removed from the bid package.

PW14020 Job Special Provisions (Sheet 102):

Remove Sheet 102 of the Project Specifications and replace with sheet ADD 1-20. Alterations have been made to the language for chargeable working days. For this sheet, changes were only made to part "D – Working Days" of the Job Special Provisions.

PW14020 Road Details (Sheet 138):

Remove Sheet 138 of the Project Specifications and replace with sheet ADD 1-21. Alterations have been made to remove Spring Forest Road from the bid package.

County Engineer Jason Jonas, PE

BID FORM

TO: JEFFERSON COUNTY, MISSOURI
BID FOR: 2014 Asphalt Overlay Program
Jefferson County Project Number PW14020

1. The undersigned BIDDER proposes and agrees, if this BID is accepted, to enter into an Agreement with the County in the form included in the Contract Documents to complete all Work as specified or indicated in the Contract Documents for the Contract Price and within the Contract Time indicated in this Bid and in accordance with the Contract Documents.
2. BIDDER accepts all of the terms and conditions of the Instructions to Bidders. This Bid will remain open for sixty days after the day of Bid opening. BIDDER will sign the Agreement and submit all documents required within fifteen (15) days after the COUNTY'S Notice of Award.
3. In submitting this Bid, BIDDER represents, as more fully set forth in the Agreement, that:
 - (a) BIDDER has examined the site and locality where the Work is to be performed, the legal requirements (federal, state and local laws, ordinances, rules and regulations) and the conditions affecting cost, progress or performance of the Work and has made such independent investigations as BIDDER deems necessary; and
 - (b) This Bid is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; BIDDER has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid; BIDDER has not solicited or induced any person, firm or a corporation to refrain from bidding; and BIDDER has not sought by collusion to obtain for himself any advantage over any other Bidder or over the County.
4. Bidder will complete the project(s) for the following unit prices. It is understood that estimated quantities will be used solely for the purpose of comparing bids and awarding the contract, and are not included in these documents; final payments and quantities shall be measured and calculated as specified in the contract documents. Bidders may submit prices for one or more roads. Roads not being bid on shall be left blank, initialed by bidder and company name provided, and the words "No Bid" shall be written on the blank bid form sheet.

NOTICE TO BIDDER - Bidders must complete the above section in its entirety if bidding on potential additional roads.

Initials and Company Name:_____

5. The County will issue a notice to proceed for each project. The CONTRACTOR will begin work on resurfacing projects within 14 days of the notice to proceed and will continuously prosecute the work to the completion of the project. During any period of full paving operations on a project, an average of **1,000 tons per day** (Saturdays, Sundays and Holidays excluded) should be completed. Allowance will be made for weather conditions and other occurrences beyond the control of the CONTRACTOR. The County may suspend or eliminate part or all of the work due to weather conditions.

If the CONTRACTOR is unable to begin work as required, the Engineer shall be notified in writing. Unless the Engineer gives written approval for a delay in beginning the work, working days will begin to be counted for liquidated damages. The count will continue until the CONTRACTOR begins full operation. The count will resume when work is suspended, or full operation is not maintained.

5.1 **Acceptance of Provision for Asphalt Cement Price Index:** Bidder has the option to accept the provision for Asphalt Cement Price Index in accordance with the provisions of Measurement & Payment of the Technical Specifications. The bidder must mark the box below if they choose to accept the provision. No price adjustments will be made, due to asphalt price changes, for bidders that do not accept this provision. This provision shall only apply to final asphalt quantities over 500 tons per road.

Asphalt Cement

5.2 **Liquidated Damages:** If the contract work on a project is not in full operation according to the terms of this contract within the limit herein stipulated, or if, after beginning work, the CONTRACTOR suspends operation prior to project completion, the contractor shall pay the County, not as a penalty but as liquidated damages, a sum equal to **Eleven Hundred Dollars(\$1,100.00)** for each calendar day (Saturdays, Sundays and Legal Holidays exempt) elapsing between the expiration of such time limit and the date of the full completion. **Working days will not suspend December 15.** See job special provision for working days.

6. Communications concerning this Bid shall be addressed to the following:

Address: _____

7. The terms used in this Bid which are defined in the General Conditions of the Construction Contract included as part of the Contract Documents have the meanings assigned to them in the General Conditions.

SUBMITTED on _____, 20____

By _____
(Corporation Name) (State of incorporation)

(Title)

(Corporate Seal)

Attest _____
(Secretary) (Signature and typed)

Business address: _____

Phone No.: _____

material. Certified weight tickets shall be provided for verification of quantity for asphalt. This waiver does not relieve the Contractor from compliance. The Contractor shall provide the materials for field-testing at no additional payment. The costs associated with this provision shall be incidental to other items.

D. WORKING DAYS

This is not a bid item. Working days will be charged per Section 108 of the above said Standard Specifications. For each road, a set number of working days is shown on the bid form. Working days will begin when specified in the notice to proceed. Contractors should not expect a prompt notice to proceed for their portion of this program. Roads will be scheduled when county pipe work is completed and weather is favorable for paving. The county will work with the contractor to come to an agreement on scheduling, although we cannot guarantee that the contractor will be able choose their start date. Projects that have not begun or are left incomplete after the one year contract expiration date will not be completed. If sufficient time has been given to allow all working days prior to expiration and if the county is at no fault for the delay or incompleteness of the project, then a bid guaranty may be sought. Roads added to the contract under generic pricing are not subject to the bid guaranty.

E. PRICE INDEX OPTION FOR BITUMINOUS MATERIAL

Asphalt Cement Price Index adjustments will be made to the payments due to the Contractor for any plant mix plant mix bituminous pavement (mainline and entrances), and plant mix bituminous surface leveling that contains PG64-22, PG70-22 or PG76-22 when it has been determined that the monthly average price of PG64-22 for St. Louis, Missouri area has fluctuated from the monthly average price of the month the project was bid. The St. Louis, Missouri "Asphalt Price Index" will be obtained from MoDOT' website:

http://www.modot.mo.gov/business/contractor_resources/bid_opening_info/bidGenInfo.shtml

The monthly base price, established prior to the bid opening, shall apply to payment estimates for the following month.

The adjusted contract unit price will be applied to the actual amount of asphalt binder used by the Contractor for all asphalt items. The adjustment will be applied to projects that receive a quantity of asphalt wet ton mix over 500 tons. The percentage of virgin asphalt as shown in the job mix formula, in accordance with Sec 401, Sec 403 and Sec 413, will be the basis for adjustments for any asphalt mix type placed on the project during the monthly index period. The effective asphalt obtained from the use of Recycled Asphalt Pavement (RAP) and/or Recycled Asphalt Shingles (RAS) will not be eligible for adjustment. The base price index for PG64-22 will be applied to the asphalt mix for mixes using PG64-22, PG70-22 or PG76-22.

Basis of Payment To determine the adjustment for any material specified in this provision the following formula will be used.

$$A = (B \times C) \times (D-E)$$

Where: A = Adjustment for mix placed during monthly average index period

B = Tons of Mix Placed during the monthly average index period

C = % of virgin asphalt binder as listed in the job mix formula in use

D = Asphalt Price Index, as published by MoDOT for the month prior to mix placement

E = Asphalt Price Index, as published by MoDOT for the month prior to the letting
