<b>CURRENT OLD STOCK LIFT OUT</b>		
Describe in detail your proposal to handle the lift out or buy back of the current Jefferson County hydraulic parts, inventory hose, and supplies.	Certified Power does not have a mechanism for the removal of your old inventory since we do not inventory the Gates product we would have a market for that product line offering.	None.
<b>HYDRAULIC HOSE MACHINES</b>		
Provide details concerning the lease or loan of both shop mounted and portable hydraulic hose machines. Indicate quantity of machines and cost to Jefferson County for each machine. Also, detail availability of chop saws to cut hose to length.	Certified Power can only offer new equipment to be sold to Jefferson County. Stationary machines complete with collets to crimp the Couplomatic product line from 1/4" - 1 1/4" sizes would cost \$6,129.81. Portable machines complete with collets and hand pump to crimp Couplomatic product line from 1/4" - 1 1/4" sizes would cost \$4,485.15. An option price of an additional \$302.64 for the air over hydraulic pump supply.	Currently there is no lease or loan of hydraulic hose machines. There are conversion kits available to convert some machines to crimp fitting on Weatherhead hoses. Pricing available upon request.
