**Vendor  
Information:**

The undersigned certifies that he/she has the authority to bind this company in an agreement/contract to supply the commodity or service in accordance with all terms, conditions, and pricing specified. This Bid, if accepted, will constitute an Agreement and Contract with Jefferson County, Missouri, upon approval of the County Council and County Executive. Prices are firm during this agreement term, unless agreed upon in writing by the County. The County has the option to renew this agreement at the same terms and conditions as the original agreement for one additional one-year term with the written consent of the successful Bidder. Price increases for renewals are not authorized unless approved in writing by the County.

**HOME SERVICE OIL COMPANY**  
**JEFFERSON COUNTY "LOCAL FUEL & FUEL MANAGEMENT**  
**SERVICES BID 2015"**  
**FOR**  
**COMMERCIAL SERVICE STATION LOCATIONS**

**\*CAR WASH DISCOUNT PRICING**

*All Commercial Service Station locations that offer a car wash facility as noted on Attachment A, will provide to the Jefferson County Fleet our "Express Wash" for \$3.00*

*Any other car wash that is desired will be discounted \$2.00 off of the pricing schedule as posted at each location.*

*\*All antenna's should be removed prior to entering car wash so to keep from damaging car wash equipment or antenna. Home Service Oil Company and the specific site location is not responsible for damage due to antenna's being left on and up.*

**HOME SERVICE OIL COMPANY**  
**JEFFERSON COUNTY "LOCAL FUEL & FUEL MANAGEMENT**  
**SERVICES BID 2015"**  
**FOR**  
**COMMERCIAL SERVICE STATION LOCATIONS**

**\*\*EMERGENCY BACK UP GENERATORS**

*Commercial Service Station locations that have Emergency Back Up Generators strategically placed around the County to ensure continuous operation even in the most inclement weather as noted on Attachment A.*

**HOME SERVICE OIL COMPANY**  
**JEFFERSON COUNTY “LOCAL FUEL & FUEL MANAGEMENT**  
**SERVICES BID 2015”**  
**FOR**  
**COMMERCIAL SERVICE STATION LOCATIONS**

**“FOUNTAIN DRINKS AND COFFEE”**

*\*Commercial Service Station locations will ALL provide FREE medium fountain drinks and coffee to all ON DUTY Sheriff Officer's.*

*\*\*The Express Mart Hillsboro location ONLY will provide medium fountain drinks and coffee to any Jefferson County employee for .75 cents.*

**HOME SERVICE OIL COMPANY**  
**JEFFERSON COUNTY “LOCAL FUEL & FUEL MANAGEMENT**  
**SERVICES BID 2015”**  
**FOR**  
**COMMERCIAL SERVICE STATION LOCATIONS**

**“OUT OF COUNTY FUELING LOCATIONS”**

*Commercial Service Station locations outside of the local Jefferson County area will be available through a separate fleet card system and billed on a weekly or monthly basis to the Jefferson County Fleet Department. Pricing would be as posted at that location at time of fueling. Home Service Oil Company would work with the County to setup the account and acquire the needed number of cards. Billing would be similar to the current system in place.*

*The system will operate off of the Fuel Man Network which offers approximately 43,000 locations nation wide. In Missouri approximately 1,781 locations of which the entire list has been provide – see attached. An example of some surrounding state locations available: Arkansas: 1092 locations, Indiana: 874 locations, Kentucky: 924 locations, Illinois: 1651 locations, Ohio: 1971 locations, and Oklahoma: 2130 locations. Most other states would have similar representation.*

**HOME SERVICE OIL COMPANY**

**JEFFERSON COUNTY "LOCAL FUEL & FUEL MANAGEMENT  
SERVICES BID 2015"  
FOR  
COMMERCIAL SERVICE STATION LOCATIONS**

**"80/20 – winter blend for diesel – November thru March"**

Suggestion per conversation with Mr. Jason Jonas in the past and Mr. David Mikusch:

Home Service Oil Company would like to respectfully suggest, what we firmly believe to be a better alternative to using an "80/20 winter blend for diesel" during the winter months. That alternative is using a diesel fuel additive. We provide to our customers the additive brand, Power Service diesel fuel additives. We have had a relationship with this brand for well over a decade and firmly believe it to be a superior method to the conventional blending of #2 diesel with a #1 diesel for winter months to prevent gelling of the fuel. After all the years we have never had an issue with this product in the coldest of winters and with some of our customers that scrutinize everything that goes into their diesel engines. This additive not only prevents your diesel fuel from gelling down to negative -40 degrees but it also provides an equal performance of a 50/50 blend of #2 and #1 diesel fuels. Far exceeding the performance of an "80/20" blend. I have included attachments that provide some additional information about the additives. Additionally, there is significant cost savings when using additive as opposed to blending in 20% of #1 diesel fuel which is costly and in many cases in short supply.

If the County would allow Home Service Oil Company to continue to use winter additive as opposed to the 80/20 blend method the price would be an additional .03 cents per gallon during the required November thru March time frame as noted in the bid. Otherwise, by using an 80/20 blend "today" the County would experience an added cost of over .10 cents per gallon over the additive cost method. Sometimes this additional cost can even grow much larger than this figure.

If not, Home Service Oil Company is still able and willing to provide the conventional 80/20 winter blend for your diesel needs.

# Arctic Express<sup>®</sup>

## Diesel Fuel Antigel

- Ultra Low Sulfur Diesel (ULSD) Compliant — contains less than 15 parts per million (ppm) sulfur
- Effective in all diesel fuels, including ULSD and biodiesel blends containing up to 20% biodiesel (B20)
- Prevents fuel gelling in temperatures as low as -40°F.
- Equals the performance of a 50/50 blend of No. 2 and No. 1 diesel fuels
- Lowers Cold-Filter Plugging Point (CFPP) as much as 36°F. — keeps fuel-filters from plugging with wax
- Keeps fuel liquid during extended engine shutdowns
- Contains anti-icing additive — protects against fuel-filter icing
- Meets lubricity requirements for all diesel fuel injection systems — reduces pump and injector wear
- Excellent cold-weather handling characteristics

### *Equals the Performance of a 50/50 Blend of No. 2 and No. 1 Diesel Fuels*

Arctic Express Diesel Fuel Antigel provides better cold-weather operability than blending with kerosene or No. 1 diesel fuel and costs 80 percent less. Arctic Express not only modifies the shape and size of wax crystals which fall out of solution as the temperature decreases, but also prevents the wax crystals from settling to the bottom of fuel tanks during storage. Arctic Express lowers the CFPP of No. 2 diesel fuel as much as 36°F. and prevents fuel gelling in temperatures as low as -40°F. Arctic Express also provides anti-icing and lubricity benefits that are unobtainable with blended fuels.

#### ARCTIC EXPRESS MODIFIES WAX IN DIESEL FUELS

Without Arctic Express, large wax crystals block filters and transfer lines, causing fuel gelling.

With Arctic Express, small, compact wax crystals flow in suspension for trouble-free winter operation.

### Arctic Express Diesel Fuel Antigel

Part #	Pack	Treats
7050-02	Two/2.5-Gallon	Two/2.5-Gallon to 7,500 Gallons
7055	55-Gallon Drum	One Drum to 82,500 Gallons
7260	260-Gallon Tote	One Tote to 390,000 Gallons

#### TECHICAL/PHYSICAL PROPERTIES OF ARCTIC EXPRESS DIESEL FUEL ANTI-GEL

Color	Straw
Density (lbs/gal)	7.6
Sulfur Content	<15 parts per million (ppm)
Flash Point	105°F
Pour Point	~40°F
Minimum Storage Temperature	0°F
Shelf Life	Indefinitely in Sealed Container

In Diesel Fuel	Completely Soluble
In Biodiesel Blends	Completely Soluble
In Home Heating Oil	Completely Soluble
In Kerosene or Jet Fuel	Completely Soluble

#### Shipping and Handling

HM-181 Class , Combustible Liquid N.O.S. NA 1993 (Hydrocarbons)

#### STORAGE AND USE INSTRUCTIONS

Use Arctic Express Diesel Fuel Antigel as directed on the container label. Arctic Express should be added to the fuel at a temperature higher than the fuel's cloud point. To ensure thorough mixing, add prior to filling tanks with diesel fuel. STORE ABOVE 0°F.
