# Model HTB Tow Behind Hydraulically Driven Sweeper

**Model HTB York Sweeper** is designed to be towed behind a truck or tractor, and is good for use on large areas such as roadways, and parking lots. The model HTB can be used for clean-up and snow removal, and pavement contractors will use the HTB before sealing and repairing.

[Click Here To Expand This To A Full Page Version](#)

[To See Other Products - Click Here To Go To Our Index](#)

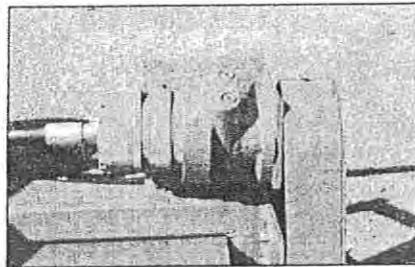

- Features Model HTB Sweeper

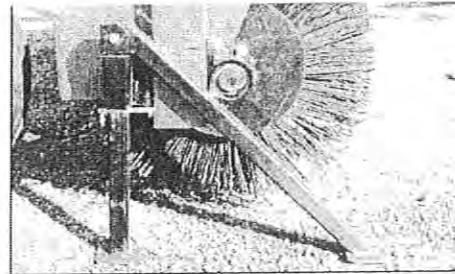

[Click Here For Video Of All Models Of Power Sweepers In Operation \(DSL internet connections\)](#)

[Click Here For Video Of All Models Of Power Sweepers In Operation \(Dial-Up internet connections\)](#)

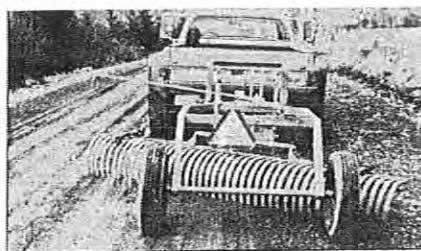

- Hydraulic Drive (Standard): Model HTB is equipped with a gerotor type hydraulic motor for smooth, reliable performance, York provides hydraulic hoses to the end of the pole
- Angling: The model HTB is equipped with a manual angle adjustment which allows a maximum angle of 30 degrees left or right
- Raise: Raise and lower functions are controlled by a lever and an adjustable spring chain float system
- Tilt (Standard): Tilt is controlled by a ratchet handle
- These functions can be converted to hydraulic operation using the mounting points provided and standard off-the shelf cylinders
- The angle cylinder would be 2" x 16" and would be attached to the mounting points on the frame and the broom section
- The raise/lower function can be hydraulically controlled in two different manners, you may either use a 2" x 12" cylinder to replace the lift lever and rod, or replace both links that attach to the broom swivel with 2" x 8" cylinders. In the first case the tilt function is then converted by replacing one of the same links with a 2" x 8" cylinder
- Storage Stands (Standard): To protect the broom during maintenance and storage, the HTB has been equipped with a single point raise/lower stand on each side of the unit
- Model HTB Optional Attachments: A model HT 10 ft. rake section may be alternated with the broom attachment for greater versatility; along with the rake section you may also choose to add a 2 ft. extension wing, or a 10 ft. sawtooth grader blade.

Hydraulic Drive (Standard)

Storage Stands (Standard)

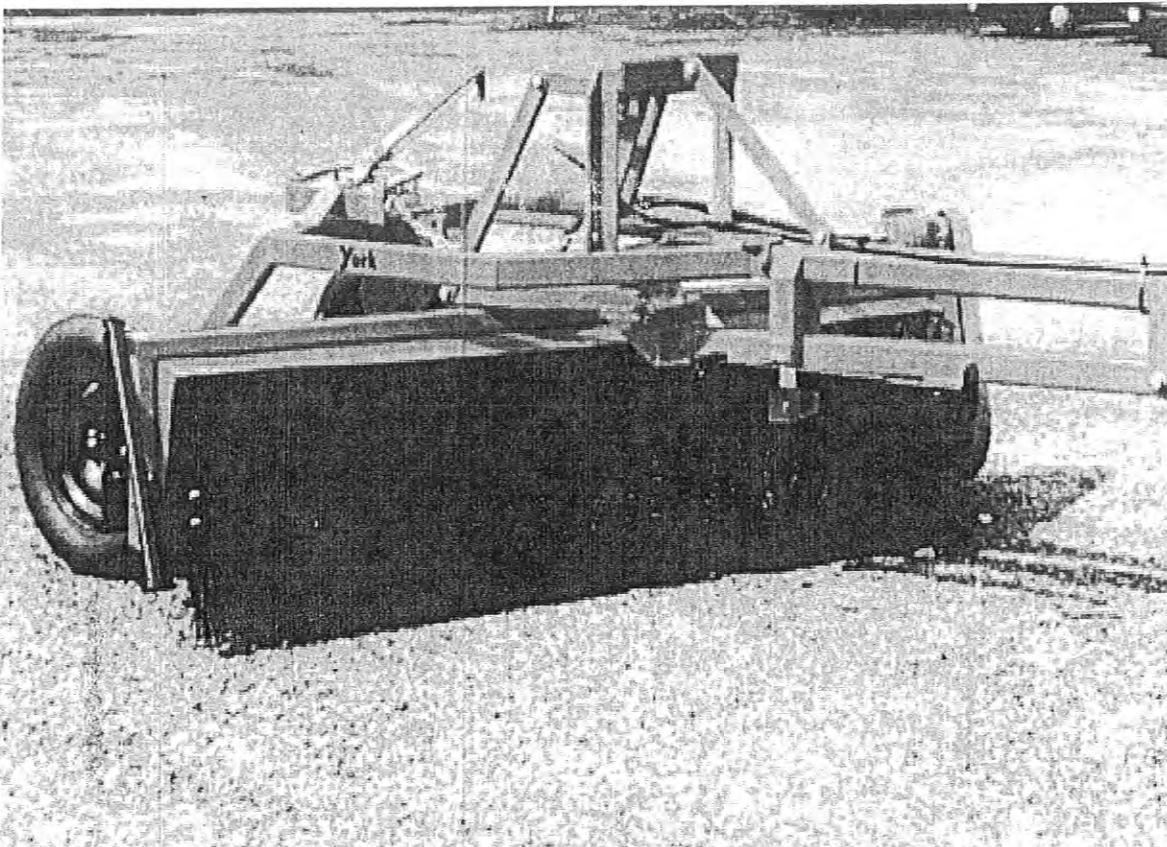

Broom can be alternated with  
10' rake section. (Optional)

- **Specifications Model HTB York Broom**

- Frame: Made of structural steel, electrically welded, hitch type - pintle hitch
- Broom: 8 ft. wide by 24 inches in diameter, number of brush sections - 50
- Polypropylene convoluted wafers are standard, crimped wire or a 50/50 combination can be supplied at no additional cost
- Broom Positions: Two each to the right or left to a maximum of 30 degrees
- Drive: Gerotor type hydraulic motor, brush action can be reversed by switching hydraulic hoses
- Hydraulic Requirements: 12-25 gpm, 1800-2250 psi, 180 degrees maximum allowable oil temperature (oil cooler may be required)
- Weight: 1220 lbs.
- Options: A 10 ft. rake section which may be alternated with the broom for greater versatility; a 2 ft. extension wing for the rake for greater reach; a 10 ft. sawtoothed grader blade which may be added along with the rake section.

- **Model 009208:** Model 9208 York Broom, model HTB heavy duty tow-type broom, manual lift, angle and tilt, wt. 1220 lbs. - Price is \$13,020.00 delivered (price includes shipping to commercial or residential addresses with normal delivery access in the U.S. 48 states, locations in Alaska, Hawaii, and outside the U.S. require additional shipping cost), ships by truck

- **Accessories**

- **REPLACEMENT 8 FT. BRUSH SECTIONS FOR HTB SWEEPER**

- **Model 09992280:** 8 ft. wide, 24 inch diameter all poly brush set with 50 convoluted poly brush sections - Price is \$1090.00 delivered (price includes shipping to commercial or residential addresses with normal delivery access in the U.S. 48 states, locations in Alaska, Hawaii, and outside the U.S. require additional shipping cost), ships by truck
- **Model 09992380:** 8 ft. wide, 24 inch diameter all wire brush set with 50 convoluted wire brush sections - Price is \$1160.00 delivered (price includes shipping to commercial or residential addresses with normal delivery access in the U.S. 48 states, locations in Alaska, Hawaii, and outside the U.S. require additional shipping cost), ships by truck

- **Model 09992480:** 8 ft. wide, 24 inch diameter 1/2 poly, 1/2 wire brush set with 26 convoluted poly brush sections and 24 convoluted wire brush sections - Price is \$1135.00 delivered (price includes shipping to commercial or residential addresses with normal delivery access in the U.S. 48 states, locations in Alaska, Hawaii, and outside the U.S. require additional shipping cost), ships by truck
- **Model 009044:** 10 ft. wide rake section, fits in place of broom on HT frame - Price is \$2369.00 delivered (price includes shipping to commercial or residential addresses with normal delivery access in the U.S. 48 states, locations in Alaska, Hawaii, and outside the U.S. require additional shipping cost), ships by truck
- **Model 000380:** 10 ft. saw tooth grader blade, an accessory for rake section option above - Price is \$1105.00 delivered (price includes shipping to commercial or residential addresses with normal delivery access in the U.S. 48 states, locations in Alaska, Hawaii, and outside the U.S. require additional shipping cost), ships by truck
- **Model 000922:** 2 ft. rake extension, an accessory for rake section option above - Price is \$675.00 delivered (price includes shipping to commercial or residential addresses with normal delivery access in the U.S. 48 states, locations in Alaska, Hawaii, and outside the U.S. require additional shipping cost), ships by truck
- **Optional Deflectors For 8 ft. Brooms**
  - **Part 000918:** Rubber broom deflector 8 ft. wide - Price is \$360.00 delivered (price includes shipping to commercial or residential addresses with normal delivery access in the U.S. 48 states, locations in Alaska, Hawaii, and outside the U.S. require additional shipping cost), ships by truck
  - **Top Metal Deflectors**
  - **Part 000928:** Top metal deflector 8 ft. wide - Price is \$163.00 plus \$145.00 shipping (no shipping on this item if ordered with the sweeper however), ships by truck
- **Sprinkler Systems - To Fit Model HTB**
  - **Model 000930:** Tank, 25 gallon - Price is \$395.00 delivered (price includes shipping to commercial or residential addresses with normal delivery access in the U.S. 48 states, locations in Alaska, Hawaii, and outside the U.S. require additional shipping cost), ships by UPS

- **Model 000938:** 8 ft. spray system, kit includes pump, hose, nozzles, and mounting hardware (does not include tank, order tank separately above), wt. 26 lbs. - **Price is \$659.00 delivered (price includes shipping to commercial or residential addresses with normal delivery access in the U.S. 48 states, locations in Alaska, Hawaii, and outside the U.S. require additional shipping cost)**, ships by UPS
- **Hydraulic Systems**
- **Model 000970:** Independent hydraulic system for use on units with inadequate hydraulics. Unit is driven by the 540 rpm pto, unit Includes: tank, pump, filter and 3 pt. hitch frame, customer must supply hoses between the unit and the broom, wt. 175 lbs. - **Price is \$2795.00 delivered (price includes shipping to commercial or residential addresses with normal delivery access in the U.S. 48 states, locations in Alaska, Hawaii, and outside the U.S. require additional shipping cost)**, ships by UPS

## Compact Towable Street Sweeper

The Terramite Commander towable street sweeper is built to tackle the toughest sweeping jobs. It features a 24.8 HP Kubota diesel engine for years of dependable service. The broom is a center pivot pull style which improves brush wear and visibility. Standard features include a variable speed brush for debris control. With a 100 gallon water system there is less need for refill and more time left for sweeping.

***If you want quality – You want Terramite.***

## Specification Highlights

- 24.8 HP Kubota Diesel Engine
- 6 or 8 Foot Broom Head
- True Floating Sweep
- Dual 50 Gallon Water Tanks
- Variable Broom Speed
- Front Debris Deflector

## Key Benefits

- All Steel Construction
- Built to Last
- Low Maintenance Costs
- Made in America
- EPA Tier IV Compliant

# SPECIFICATIONS

<b>STANDARD ENGINE:</b>	24.8 hp Kubota D1105E Liquid Cooled Diesel	18.5 KW EPA Tier IV Compliant
<b>FUEL CONSUMPTION/HOUR:</b>	1.0 Gallon	
<b>PAINT:</b>	Blue (Standard)	Optional Colors Available
<b>STEERING:</b>	Hydraulic Power	
<b>SEAT:</b>	Cushioned Seat with 2" Retractable Seat Belt	
<b>TOWING:</b>	All Wheels on Ground. Towing Lights, Turn Signals and 4 Way Flat Electrical Plug	

## DEMENSIONS AND CAPACITIES:

## TerraQuip Construction Products, Inc. Limited 2 year warranty

Subject to the foregoing, the manufacturer, TerraQuip Construction Products, Inc. warrants all construction equipment manufactured by TerraQuip Construction Products, Inc. after January 1, 2015 to be free from defects in material and workmanship for a limited two year warranty after delivery to the original purchaser. The first year warranty includes parts and labor.

The second year warranty is limited only to parts manufactured by TerraQuip Construction Products, Inc. as follows: frames, swings, booms, dippers, buckets, loader arms, and loader buckets. Additionally, TerraQuip Construction Products, Inc. hereby warrants all replacement parts supplied by TerraQuip Construction Products, Inc. to be free from defects in material and workmanship for a period of (6) months after date of invoice.

Delivery shall be deemed for the purposes of this warranty to have occurred upon the date of invoice. The original purchaser shall be deemed to be a person who places the goods or products in actual use, and any person holding such goods solely for retail sale purposes shall not constitute an original purchaser. Any leasing of these goods or other use beyond normal demonstration of the same shall be deemed to be in use by an original purchaser and all warranty periods shall commence at the time of such use. During the warranty period and defective goods or parts hereof shall be repaired or replaced at manufacturer's discretion. In the event it is necessary to return such goods or parts to a factory, all transportation charges shall be prepaid. The manufacturer shall in no event pay mileage expenses, transportation, or travel time.

The obligations of the manufacturer are solely to repair or replace defective goods or parts or to refund the cost of the same if it is determined by the manufacturer that repair or replacement will not return goods to proper working order or utility.

The warranty shall not extend to tires, lamps, batteries, wear items, or parts that have been altered, changed, damaged, or improperly installed, repaired, operated or maintained. This exclusion shall not apply to installations, repairs or other work done at the manufacturer's plant or under direct manufacturer supervision. The Operators Manual, to the extent covered therein, is deemed to set forth the proper procedures for operation, repair, installation, and maintenance of these goods.

No representative, dealer or distributor of the company is authorized to make any changes or exceptions to this warranty unless expressly authorized in writing from the manufacturer. All warranty claims must be filed within 30 days of failure.

THE REMEDIES SET FORTH HEREIN ARE EXCLUSIVE AND MANUFACTURER SHALL NOT BE LIABLE FOR SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES. THE OBLIGATIONS OF THE MANUFACTURER HEREUNDER SHALL IN NO WAY EXCEED THE PRICE OF THE EQUIPMENT OR PART UPON WHICH SUCH LIABILITY IS BASED. PRE-APPROVAL IS REQUIRED FOR ALL WARRANTY CLAIMS.

## SPECIFICATIONS

The Jefferson County Highway Department wishes to purchase one 8 foot **tow behind angle sweeper** to be hydraulically driven by the tow vehicle. Unit must be delivered to Hillsboro, MO.

### Unit should be equipped with the following:

Dual hydraulic brush motors

8 foot brush

Multiple brush configurations

Quick change core

32 inch brush diameter

LED Lights

7 pin trailer connector

Pintle hitch

180 degree hood

Yellow in color

Proposed Make: Sweepster

Proposed Model: TBTH8

Delivery cost: \$14,332.00 Included

Unit Cost: \$14,332.00

## Tow-Behind Sweepers

For trucks or tractors

### FEATURES:

- 4 models available:  
TBCP, TBH, TBTH, & TD
- Heavy duty units range from traction drive powered by the sweeper wheels, to independent hydraulic drive powered by the towing vehicle or engine up to 33 hp
- Tow-behind your truck or tractor
- Fast interchange between fleet vehicles
- Compact two wheel design for excellent maneuverability
- Many options are available to design the sweeper to meet your needs
- 1 year warranty

TBCP shown with optional spare tire, engine shroud, water system, drape deflector, strobe light, fenders & swing hitch.

# TBCP & TBH Tow-Behind Sweepers

## Model - TBCP Series Engine Drive Tow Behind with Hydraulic Brush Drive

- Powered by one hydraulic motor mounted to the core
- Motor has a quick disconnect mount to change brush without disconnecting hoses
- Motor utilizes a keyed, tapered shaft in a heavy duty hexagonal drive that inserts into the matching hexagonal hub on the core
- 32" diameter brush
- 22 hp air cooled gasoline engine powers the hydraulic pump mounted directly to the engine, other engine options are available
- Engine start/stop and brush on/off manually operated valve is mounted on the sweeper, other valve configurations are optional
- Two wheel configuration is standard with 3 and 4 wheel configurations optional
- Choice of pintle, ball or drop pin hitch
- Hydraulic lift powered by sweeper hydraulic system
- Choice of brush configuration: polypropylene, poly-wire mix, or wire sectional style, tube broom style, strip broom style
- Automotive type tires with 6 bolt steel wheels

Model TBCP	84"	96"
Model Number	TBCP7	TBCP8
Width	84"	96"
Brush Diameter	32"	32"
Weight (lbs. approx)	2,500	2,600

TBCP shown with optional spare tire, engine shroud, water system, drape deflector, strobe light, fenders & swing hitch.

## Model - TBH Series Heavy Duty Engine Drive Tow Behind with Hydraulic Brush Drive

- Powered by two orbital hydraulic motors mounted inside the brush frame
- Motors have a quick disconnect mount to change brush without disconnecting hoses
- Motors utilize a keyed, tapered shaft in a heavy duty hexagonal drive that inserts into the matching hexagonal hub on the core
- 32" diameter brush
- 32 hp water cooled gasoline engine powers the hydraulic pump mounted directly to the engine, diesel engine is available
- Hydraulically angles left & right
- In cab controls operate sweeper run, lift and swing, engine start/stop and engine speed
- Two wheel configuration is standard with 3 and 4 wheel configurations optional
- Choice of pintle, ball or drop pin hitch
- Choice of brush configuration: polypropylene, poly-wire mix, or wire sectional style, tube broom style, strip broom style
- Automotive type tires with 6 bolt steel wheels

Shown below with optional engine shroud, water system, drape deflector, strobe light, fenders and three wheel configuration.

Model TBH	84"	96"	108"
Model Number	TBH7	TBH8	TBH9
Width	84"	96"	108"
Brush Diameter	32"	32"	32"
Weight (lbs. approx)	2,500	2,600	2,700
Diesel Weights (lbs.)	2,850	2,900	2,950

# TD & TBTH Tow-Behind Sweepers

## TD Model with Mechanical Brush Drive from Sweeper Rear Wheels

- Two-speed gearbox for high and low brush speeds
- 32" diameter brush
- Constant velocity drive shaft for long life and low vibration
- Ratchet differential on wheels with positive lockout for high-speed transport
- Two, three, and four wheel configurations available
- Choice of pintle, ball or drop pin hitch
- Manually angles 30° left and right
- Manually operated hydraulic pump for brush lift
- Choice of brush configurations: polypropylene, poly-wire mix or wire sectional type, tube style and strip broom style available
- Automotive type 15" tires

## TBTH Series with Hydraulic Brush Drive Powered from Tow Vehicle Hydraulic System

- Powered by two orbital hydraulic motors
- Motors have a quick disconnect mount to change brush without disconnecting hoses
- Motors utilize a keyed, tapered shaft in a heavy duty hexagonal drive that inserts into the matching hexagonal hub on the core
- 32" diameter brush
- Two wheel configuration is standard with 3 and 4 wheel configurations optional
- Requires 17 gpm @ 2000 psi hydraulic system to power the brush
- Manually angles 30° left and right
- Hydraulic lift
- Choice of pintle, ball or drop pin hitch
- Choice of brush configuration: polypropylene, poly-wire mix, or wire sectional style, tube broom style, strip broom style
- Automotive type tires with 6 bolt steel wheels

Shown with optional spare tire, water system, drape deflector, strobe light, fenders and adjustable side-to-side hitch.

Model TD	84"	96"	108"
Model Number	TD7	TD8	TD9
Width	84"	96"	108"
