Pour or spray Super N's Bacteria/Enzyme Digester on carpet to remove pet odors. Solve restroom odor problems by spraying diluted mixture around urinals and toilets. Pour 3 or 4 ounces in drains to control urine odors. Pour in septic tanks, plumbing, and grease traps to treat solids and odors.

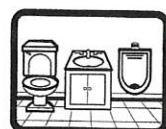

## Destroy Odor At Its Source

This biodegradable, triple strain bacteria formulation will provide immediate relief by neutralizing odors, as well as eliminating the source of the odor. This is performed by Super N's proprietary odor neutralizer and through nature's natural process of digesting the organic waste which is causing the undesirable odors.

Super N's non-toxic, concentrated Bacteria/Enzyme odor digestion formula contains selected strains of natural bacteria (bacillus), enzyme cultures, an odor neutralizer and surfactants. This product does not contain any harsh chemicals such as solvents, acids, caustic or any undesirable pathogens such as salmonella or pseudomonas.

Use this product on any water-safe surfaces or fabrics which have odors or stains caused by organic matter. Destroys urine, feces, vomit, spoiled foods, mildew, etc.

R.T.U.  
or  
DILUTABLE

### Use Super N's Bacteria Enzyme Digester In:

- RESTROOMS
- SEPTIC TANKS
- PLUMBING
- GARBAGE AREAS
- GREASE TRAPS
