For TWO (2) years from the date of purchase within the United States of America, its possessions and territories, SNYDER MFG. CO. Inc., will at its option, repair or replace, for the original purchaser, free of charge, any part or parts found to be defective in material or workmanship (except electronic control panels as specified elsewhere). This warranty covers cage units which have been operated and maintained in accordance with Snyder's care instructions furnished with the unit, and which have not been subject to misuse, abuse, neglect, accident, improper maintenance, alteration, or use outside an appropriately ventilated/ heated building which is in good repair. Exceptions to this two year warranty are outlined below:

One-year consumer warranty on normal wear parts with Ninety-Day (90) Consumer Warranty protection.

All normal wear part failures will be covered on this product for a period of 90 days regardless of cause operational failure. This does not apply to part failure as a result of acts of God and other unforeseen acts, including vandalism. After 90 days, but within the two-year warranty period, normal wear part failures will be covered if caused by defects in material or workmanship or other component parts. Normal wear parts are defined as handles, cage door bolts, casters, cardholder clips, removable partitions, Cat Nappers®, and one-half floors.

One Year Warranty for ICU and Dryer Cage Electronic Components: These units must be run on a dedicated circuit with no other electronic components on the same circuit. Use of this equipment without a dedicated circuit voids any warranty on the electronic

parts of the units. **The control panel of the ICU and the Dryer Cage are warrantied for one year by the manufacturer.**

Please contact your Sales Consultant for current estimated lead times. Mason usually requires 12 weeks AFTER signed approval drawings to produce and ship your equipment, but these lead times are sometimes shorter or longer.

Upon receipt of SIGNED approval drawings an email will be sent with an estimated time frame for delivery. Production will then commence. If the customer schedule slips by more than two weeks after production commences, Mason will continue its manufacturing schedule and store the equipment at a nominal charge, and customer will pay the balance, due less 10%, with full payment due upon shipment. This point of this paragraph is important and warrants re-emphasizing: production does not start when an order is placed, it starts AFTER Mason has received SIGNED approval drawings.

Equipment is shipped via motor freight using 48' to 53' long semi-tractor trailers. Customers are responsible for unloading the equipment, unless other arrangements have been made. Additional charges will apply if lift gate service or inside delivery is needed, and these must be scheduled in advance.

Customers picking up their equipment are subject to handling fees.

This price includes all fittings and hardware for normal installation with the exception of PVC pipe and fittings for plumbing of equipment.

Material pricing will be held firm for 30 days.

Shipping cost is subject to change and should be confirmed when placing your order.

Please note that door knobs for luxury suites are NOT warrantied.
