Retail Fuel Bid Spec

Jefferson County wishes to establish a fuel contract for the purchase of gasoline and diesel fuel at retail locations for the County Fleet, the Highway Department, and the Jefferson County Sheriff's Department. Included in this bid are the requirements for a Fuel Management system also.

Part A- Retail Locations within Jefferson County

1. Provide a one card system with pin numbers for controlled access. County will utilize up to 350 employees and up to 550 vehicle/equipment cards. System shall have communications to a central office and to provide 24-hour access to allow authorized changes.

Agreed. Details included within the program descriptions provided at the end of this response.

2. Provide fuel for the County at the bidders existing fuel sites where fleet fueling services are provided. Provide listings of all locations and hours of operation (services 24 hour a day, 7 days a week, required). Multiple sites in Jefferson County with geographic coverage shall be available. Current fuel usage at retail locations is approximately 250,000 gallons of unleaded fuel per year. Fuel will be branded or unbranded.

Agreed. Details included within the program descriptions provided at the end of this response.

Fuel Pricing for Retail locations:

Unbranded or branded average cost for fuel at Retail Locations:

Discount off pump price \$ 0.0160 /gal

Part B- Out of county/area/state-

1. Provide a one card system with PIN number for controlled access. County will require up to 125 employees and up to 125 vehicle/equipment cards for use outside of Jefferson County. System shall have communications to a central office and to provide 24-hour access to allow authorized changes.

Agreed. Details included within the program descriptions provided at the end of this response.

2. Provide fuel for County vehicles operating outside of Jefferson County at existing fuel sites where fleet fueling services are provided. Provide listings of all locations and hours of operation (services 24 hour a day, 7 days a week, required). Fuel will be branded or unbranded.

Agreed. Mansfield's offering provides over 180,000 locations nationwide. This equates to 91% of all retail locations nationwide. A full national list can be provided upon request.

Fuel Pricing for Out of County/Area/State Retail Purchases

Unbranded or branded average cost for fuel (weekly) at terminal plus:

Discount off pump price \$ 0.0160 /gal

REQUIREMENTS FOR FUEL MANAGEMENT SYSTEM

1. The system must provide weekly and monthly detailed management reporting. This includes exception reports, fuel usage by vehicle and in total, and costs. Reports may be provided in an electronic format that the County can print out.

Agreed. Details included within the program descriptions provided at the end of this response.

2. The system is to be provided for a one-year period with possible re-newel for an additional year. All installation, maintenance and repair costs shall be included for this period. The County shall determine if the service is in the best interest of the County and, for any reason, may terminate the service at any time without penalty.

Agreed. Details included within the program descriptions provided at the end of this response.

3. The system shall provide the fuel usage data in an electronic format that can be utilized by the County's fleet management system.

Agreed. Details included within the program descriptions provided at the end of this response.

4. New fuel card requests as well as replacement fuel card requests must be sent via US Mail within 2 working days of request from Jefferson County Fleet Services. Provide details of the fuel management system to be used including specific features, also a separate listing of options or enhancements that are included or are available should be attached to the bid. Include samples of the various reports and billing. Specific cost breakdowns shall be provided.

Agreed. Details included within the program descriptions provided at the end of this response.

Coffee and Soft Drinks- Please indicate the cost for coffee and soft drinks by size for Jefferson County employees. \$ - Only fuel and fuel related products can be purchased with our fuel card.

Other Discounts/offers/additional value added services:

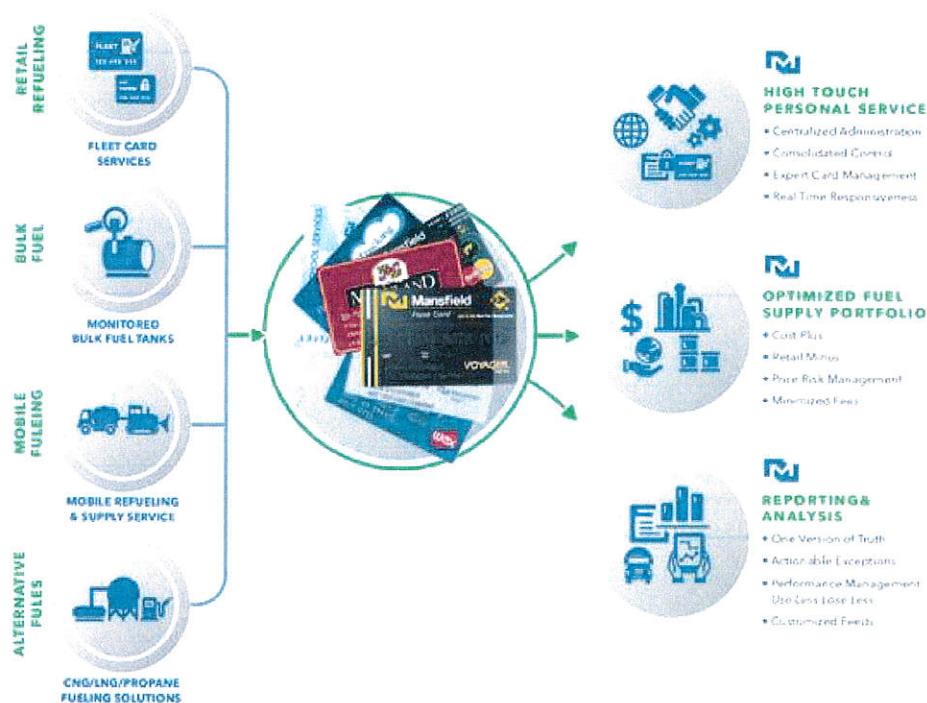

Automatic Tax exemption at the transaction level.

Fuel Management Optimization

Mansfield is adept at optimizing the retail fueling portfolios of its largest and most sophisticated clients. Mansfield differentiates itself by offering multiple Tier 1 fleet card networks providing optimal economics for customers.

Moreover, Mansfield can consolidate customers' other purchasing programs – such as bulk fuel or DEF – and integrate them with the same cards used for retail fueling. If required, Mansfield can leverage its fuel systems expertise to provide the equipment and technology necessary to use fuel card at both retail and backyard locations.

All components of an energy program, from retail purchases to mobile refueling transactions and backyard tank dispersals, can be integrated into Mansfield's online user interface, FuelNet. This consolidated fuel purchasing portal offers a single point of service for customers, allowing settlement of all transactions with one fuel management partner. All retail and wet-hosing data can be combined into a single, enterprise-wide transaction report. With Mansfield's expertise and nationwide scale, Jefferson County can integrate its fuel purchases through one vendor, simplifying its purchasing and controlling its retail fuel spend.

As your fuel management vendor, Mansfield can also assist Jefferson County in identifying potentially more economical modes of fueling, thereby reducing the total cost of procurement. For Jefferson County's fleet card program, Mansfield would propose a Universal Fleet Card solution that offers an optimal combination of convenience, control, and cost.

Mansfield Universal Fleet Card

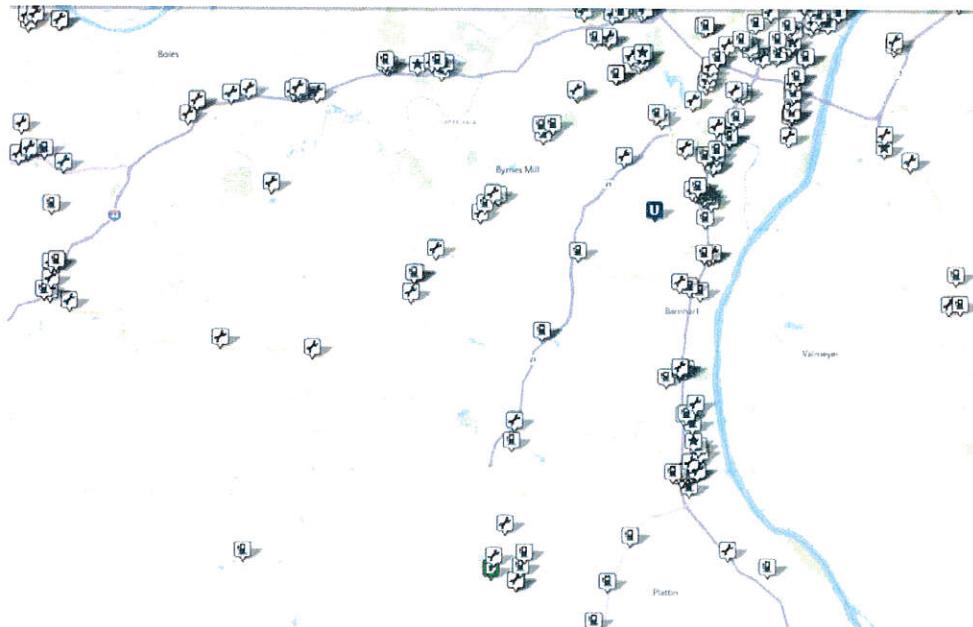

Nationwide Acceptance

With the Mansfield Universal Card, drivers have access to approximately 91% of retail fueling locations nationwide. The Mansfield network will leverage acceptance at more than 180,000 fueling locations and over 60,000 maintenance locations nationwide.

With coverage at all the major regional, national, independent, and travel center brands, Mansfield's nationwide retail network includes discount marketers such as Walmart/Murphy USA, and Kroger – and new sites are being added all the time. Through partnerships with Voyager and all major retail card brands, Mansfield offers a universal solution to fit your need for acceptance. As seen below, Mansfield's program currently offers **70 fueling locations within the Jefferson County area**.

With the ability to lock out accepting locations by state, zip code, or address, Jefferson County may control the merchants to which its drivers go and push them to its preferred vendor partners whenever practical. Moreover, Mansfield offers a Mobile App which gives drivers a tool to find low price locations in their proximity.

Mobile App Fuel Locator

Mansfield is proud to offer its customers the Location Mobile App, a tool that makes it easy for drivers, wherever they are, to find the fuel they want at the price and location they need. To aid drivers in identifying card-accepting locations at the lowest cost available, Mansfield provides a complimentary mobile application with 24/7 proximity-based location and pricing data. This app leverages real-time pricing information based on all fleet card transactions conducted over our merchant network.

Retail Fuel Bid Spec

Jefferson County wishes to establish a fuel contract for the purchase of gasoline and diesel fuel at retail locations for the County Fleet, the Highway Department, and the Jefferson County Sheriff's Department. Included in this bid are the requirements for a Fuel Management system also.

Part A- Retail Locations within Jefferson County

1. Provide a one card system with pin numbers for controlled access. County will utilize up to 350 employees and up to 550 vehicle/equipment cards. System shall have communications to a central office and to provide 24-hour access to allow authorized changes.
2. Provide fuel for the County at the bidders existing fuel sites where fleet fueling services are provided. Provide listings of all locations and hours of operation (services 24 hour a day, 7 days a week, required). Multiple sites in Jefferson County with geographic coverage shall be available. Current fuel usage at retail locations is approximately 250,000 gallons of unleaded fuel per year. Fuel will be branded or unbranded.

Fuel Pricing for Retail locations:

Unbranded or branded average cost for fuel at Retail Locations:

Discount off pump price \$ 0.06 /gal

Part B- Out of county/area/state-

1. Provide a one card system with PIN number for controlled access. County will require up to 125 employees and up to 125 vehicle/equipment cards for use outside of Jefferson County. System shall have communications to a central office and to provide 24-hour access to allow authorized changes.
2. Provide fuel for County vehicles operating outside of Jefferson County at existing fuel sites where fleet fueling services are provided. Provide listings of all locations and hours of operation (services 24 hour a day, 7 days a week, required). Fuel will be branded or unbranded.

Fuel Pricing for Out of County/Area/State Retail Purchases

Unbranded or branded average cost for fuel (weekly) at terminal plus:

Discount off pump price \$ No Bid /gal

REQUIREMENTS FOR FUEL MANAGEMENT SYSTEM

1. The system must provide weekly and monthly detailed management reporting. This includes exception reports, fuel usage by vehicle and in total, and costs. Reports may be provided in an electronic format that the County can print out.
2. The system is to be provided for a one-year period with possible re-newel for an additional year. All installation, maintenance and repair costs shall be included for this period. The County shall determine if the service is in the best interest of the County and, for any reason, may terminate the service at any time without penalty.
3. The system shall provide the fuel usage data in an electronic format that can be utilized by the County's fleet management system.
4. New fuel card requests as well as replacement fuel card requests must be sent via US Mail within 2 working days of request from Jefferson County Fleet Services. Provide details of the fuel management system to be used including specific features, also a separate listing of options or enhancements that are included or are available should be attached to the bid. Include samples of the various reports and billing. Specific cost breakdowns shall be provided.

HOME SERVICE OIL COMPANY
JEFFERSON COUNTY "FUEL RETAIL PURCHASES 2019"
FOR
COMMERCIAL SERVICE STATION LOCATIONS

***CAR WASH DISCOUNT PRICING**

All Commercial Service Station locations that offer a car wash facility as noted on Attachment A, will provide to the Jefferson County Fleet our "Express Wash" for \$3.00

Any other car wash that is desired will be discounted \$2.00 off of the pricing w/fuel purchase schedule as posted at each location.

**All antennas should be removed prior to entering car wash so to keep from damaging car wash equipment or antenna. Home Service Oil Company and the specific site location is not responsible for damage due to antennas being left on and up.*
