Notwithstanding anything contained in the RFP to the contrary, AT&T Corp, on behalf of itself and its service providing affiliates ("AT&T") submits this RFP response (the "Response") subject to the provisions of this Response and the terms and conditions of the pre-existing, mutually agreed Multi-Service Agreement, AT&T MA Reference No. 201506129061UA, currently in place between AT&T and Jefferson County Commission, along with the associated transaction-specific documents (collectively "AT&T Contracts"). Pricing set forth in the Response assumes the use of the Proposed Contract Documents as the fundamental contractual document between the parties. In that regard, please note that AT&T takes a general exception to the terms and conditions contained within or referenced to in this RFP document. This exception is taken regardless of whether AT&T has specifically referenced the Proposed Contract Documents in response to any individual provision in the RFP.

Any changes, additions or deletions to the products, services, quantities, revenue commitments, or term of the proposed arrangement may result in changes to the rates, discounts, credits or other terms contained in this proposal.

While submission of this proposal does not obligate either party to enter a contract of any kind, upon being selected as your vendor under this RFP, AT&T will work cooperatively to negotiate provisions required for compliance with the RFP as responded to by AT&T. The pricing submitted in the Response assumes the use of the Proposed Contract Documents as part of any final, negotiated contract. Additionally, any purchase orders issued for services as provided under this RFP must clearly provide that the purchase is made via the mutually agreed contract and not subject to the preprinted terms of that purchase order form.

Any third-party software used with the Services (as defined in the Proposed Contract Documents) will be governed by the written terms and conditions of the third-party software supplier's software license documentation applicable to such software. Title to software remains with AT&T or its supplier. Customer as the licensee will be bound to all such terms and conditions, and they shall take precedence over any agreement between the parties as relating to such software.

It is AT&T's goal to provide the best communications services at the best value for all of our customers using the highest ethical and legal standards. Given the long and successful history of AT&T, we are confident this will be a successful contracting process, leading to a successful project performance.

ARRA Disclaimer: To the extent any portion of this project may be funded in whole or in part with grants, loans or payments made pursuant to the American Recovery and Reinvestment Act of 2009 ("ARRA"), AT&T and the Customer will need to reach mutual agreement on AT&T's participation.

Proposal Validity Period—The information and pricing contained in this proposal is valid for a period of ninety (90) days from the date written on the proposal cover page unless rescinded or extended in writing by AT&T Corp.

Terms and Conditions—Unless otherwise stated herein, this proposal is conditioned upon negotiation of mutually acceptable terms and conditions.

Proposal Pricing—Pricing proposed herein is based upon the specific product/service mix and locations outlined in this proposal, and is subject to the standard terms and conditions of AT&T Corp. unless otherwise stated herein. Any changes or variations in AT&T Corp.'s standard terms and conditions and the products, length of term, services, locations, and/or design described herein may result in different pricing.

Providers of Service—Subsidiaries and affiliates of AT&T Inc. provide products and services under the AT&T brand. AT&T Corp, an AT&T company, is the proposer for itself and on behalf of its service-providing affiliates:
