**SEALED BID: (BID NAME)**

**Contract Term:**  
**ONE YEAR CONTRACT  
WITH TWO ONE YEAR  
RENEWAL OPTIONS  
UPON APPROVAL OF THE  
COUNTY COUNCIL AND  
COUNTY EXECUTIVE**

The undersigned certifies that he/she has the authority to bind this company in an agreement/contract to supply the commodity or service in accordance with all terms, conditions, and pricing specified. This Bid, if accepted, will constitute an Agreement and Contract with Jefferson County, Missouri, upon approval of the County Council and County Executive. Prices are firm during this agreement term, unless agreed upon in writing by the County. The County has the option to renew this agreement at the same terms and conditions as the original agreement for two additional one-year terms with the written consent of the successful Bidder. Price increases for renewals are not authorized unless approved in writing by the County.

## SPECIFICATIONS FOR TRAP ROCK

The material shall meet the requirements of Section 1003 "AGGREGATE FOR SEAL COATS" of the 2018 version of the Missouri Standard Specifications for Highway Construction unless otherwise approved by the County Engineer.

The aggregate shall be 3/8-inch maximum size Trap Rock Chips (washed) and shall meet the following gradation (subject to approval by the Engineer):

SIEVE SIZE	%PASSING (BY WEIGHT)
1/2"	100
3/8"	80-100
NO. 4	0-5

Testing reports shall be submitted by the selected vendor(s) to the County Engineer for approval prior to delivery.

Bid Price shall be for County pickup at the plant location listed below. Delivery Cost to County building locations will be an additional cost as listed. Please also provide a cost for various stockpile locations in the County based on the distance from your plant location (if any, locations to be determined after award). Stockpile delivery will receive five (5) working days' notice to fill order. Delivery order will be a minimum of 2,000 tons. Deliveries will be accepted at the locations below between 7:00 AM and 2:00 PM, unless prior arrangements have been made with the County.

Estimated tonnage needed for the 2019 season is between 5,000 and 10,000 tons, subject to project need and budgetary limitations. Aggregate will be used as cover rock for seal coat work. Stockpile for seal coat will not begin until after April 1, 2019 and will be completed before June 1, 2019. **All material ordered under this contract may be ordered at stated price until April 1, 2020.**

In emergency, can we call you after regular hours? YES  NO

If yes, name party to call: Resource Integration Center (RIC)

Telephone number: 866-739-8855

Minimum Delivery Required (Circle One) Yes  No

If yes, amount \$ 365.00 24 ton minimum delivery haul charges per load
